

AIPPIO Virtual Event

A Post Covid World: The Role of Intelligence in Managing Future Health Security / Threats and Risks

Tuesday 7th March 2023

Please come join Dr Patrick F Walsh as he discusses the role of intelligence in the Post Covid World. This session will show you the new directions, ideas, opportunities, and problems into the future.

An exciting session for those that are in the security or risk space.

Presenter: Dr Patrick F Walsh, PHD

Patrick F. Walsh, PhD, is a former intelligence analyst who has worked in Australian national security and law enforcement agencies. He is a Professor, Intelligence and Security studies at the Australian Graduate School of Policing and Security, Charles Sturt University, Australia. He consults to government and his research focuses on a range of intelligence capability issues including governance, leadership, intelligence and ethics, biosecurity, health security and cyber. He is the author of Intelligence and Intelligence Analysis, Routledge, UK 2011; Intelligence, Biosecurity and Bioterrorism, Palgrave Macmillan, UK, 2018; and Intelligence Leadership and Governance. Building Effective Intelligence Communities in the 21st Century, Routledge, 2020
